

John Bunker Sand's Pond Trail

Join us on the newly opened Bunker's Pond Trail. Learn about the natural and cultural history of the area as we walk this 1.8 mile loop trail. The trail begins with a walk through a forested area to a true bottom land hardwood forest, then follows the East Fork of the Trinity River and ends on the Wetland levee roads. This trail is great for families and those who are interested in learning about native trees, flowers, animals and anything else found along the way!
