

# John Bunker Sands Wetland Center

## Fall 2022/Spring 2023 Homeschool Programs

We are excited to announce our 2022/2023 Homeschool calendar! Tuition is \$12/student. Parents/guardians have free entry to the Center and the entire family is invited to enjoy the Center all day. Each monthly program will be held on the **2<sup>nd</sup> Thursday** AND the **3<sup>rd</sup> Wednesday** of the month 10am-noon. The two days are the **SAME** program. All classes are held outside unless we have inclement weather. Our programs are ideal for ages 6-12, and all ages are taught together. Something we're thrilled to add this year is an extension activity related to each program for families to complete after class! We encourage you to bring lunch and make friends with other homeschool families.

### Fall Session

- Sept 8/14 Dragonflies & Damselflies: Jeweled Flyers of the Wetland  
Oct 13/19 Amphibians & Reptiles: Slimy or Scaly?  
Nov 10/16 Trek to the Trinity River!  
Dec 8/14 Aquatic Creatures: How do They Breathe Underwater?

### Spring Session
